AC LAB-625

Amoxycillin 500mg & Clavulanic Acid 125mg
with Lactic Acid Bacillus 60 million spores

TABLETS

Time tested and proven combination

- ▶ Active against a wide range of bacteria including Beta-lactamase producers
- ▶ Has a broad-spectrum anti-bacterial activity
- ▶ First choice treatment for respiratory tract infections caused by *S. pneumoniae*, *H. influenzae* and *Moraxella catarrhalis*
- ▶ Achieves high cure rates of 99% in tonsillopharyngitis
- ▶ Effective even against organisms with reduced penicillin susceptibility

Lactic Acid Bacillus

- ✦ Maintains micro flora-induced ecosystem in intestine.
- ✦ Alleviates bacterial / viral induced diarrhoea.

The Trusted Antibiotic with added strength

In:

- Community Acquired Pneumonia
- Skin & Soft Tissue Infections
- Intra-abdominal Infections
- Urinary Tract Infections
- Surgical Prophylaxis
- Chronic Bronchitis

Perfect combination to Relieve Pain & Inflammation

Acloday-SP

Aceclofenac 100mg+ Paracetamol 325mg+ Serratiopeptidase 15mg
TABLETS

Serratiopeptidase - A protective enzyme that promotes the action on site.
- Faster resolution of pain, inflammation and tenderness.

Trauma / Surgery | Flare Up of OA / RA / Gout | Post-operative Edema
Tooth Extraction | Post Partum Haematomas | Sports Injuries/ Sprains/ Fractures

Also Available

Acloday-SR
Aceclofenac 200 mg Sustained Release
Tablets

Acloday-P
Aceclofenac 100mg+ Paracetamol 325mg
TABLET

Acloday
Aceclofenac 100 mg TABLET

Speed Up Recovery during Pain & Inflammation

Acloday-MR

ACL

Aceclofenac 100mg, Paracetamol 325mg & Chlorzoxazone 250mg TABLETS

Aceclofenac

- Aceclofenac is an NSAID with greater COX-2 specificity when compared to Diclofenac
- Helps repair and regenerate articular cartilage

Paracetamol

- A time tested analgesic and antipyretic agent
- Relieves pain by elevating the pain threshold thereby increase the analgesic effect of Aceclofenac

Chlorzoxazone

- A time tested, centrally acting skeletal muscle relaxant to relieve muscle spasm

Indication:

CERVICAL PAIN | POST TRAUMATIC PAIN | LOW BACK PAIN | MYALGIA
MUSCULAR SPRAINS | DENTAL PAIN | ARTHRITIS | SPONDYLITIS

The powerful muscle relaxant

Restores Appetite

With

AppiDay Syrup

API

Guduchi (Tinospora cordifolia) 75 mg. + Saunf (Foeniculum vulgare) 37.5 mg. + Kutki (Picrorhiza kurroa) 37.5 mg. + Sanai (Tamarix mannifera) 37.5 mg. + Ajwayan (Carom copticum) 37.5 mg. + Vidang (Embelia ribes) 18.75 mg. + Nagarmotha (Cyperus rotundus) 18.75 mg. + Jeera (Cuminum cyminum) 18.75 mg. + Pippali (Piper longum) 18.75 mg. + Sonth (Zingiber Officinale) 18.75 mg. + Marich (Piper nigrum) 18.75 mg. + Amalaki (Emblica officinalis) 18.75 mg. + Yavani (Trachyspermum ammi) 18.75 mg. + Lavan (Black Salt) 5 mg.

The Safest Formulation

- Eliminates indigestion & flatulence associated with mild abdominal pain through its many fold action
- Relieves gaseous distention and flatulence
- Subsides abdominal pain associated with indigestion
- Improves neuro muscular strength of involved organs & enhances essential nutrient metabolism
- Improves appetite
- Improves all over liver performance

In:

Impaired Digestion

Heartburn

Loss of Appetite

Convalescence

Chronic illness

AppiDay

Makes Stomach Rejoice

For Optimum Bone Health and Healthy Bone Ageing

Calcitday

Calcium Citrate 1250 mg + Magnesium 100 mg +
Zinc 4 mg + Vitamin D3 250 I.U. **TABLET/ SUSPENSION**

Calcium Citrate

- 2.5 times more bio-available than Calcium Carbonate
- Maintaining the functional integrity of nervous, muscular and skeletal system

Zinc Sulphate + Magnesium

- Augment Bone Formation & Mineralization
- Increase Bone Integrity and Bone Mineral Density

Vitamin D3

- Maintains calcium homeostasis
- Helps in the formation of the bone mass

INDICATION

- | | |
|--------------------|-------------------------|
| ➤ Fracture | ➤ Menopausal Disorders |
| ➤ Osteoporosis | ➤ Pregnancy & Lactation |
| ➤ Growing Children | ➤ Calcium Deficiency |

Calcitday-MAX

Calcium Citrate Malate 1250mg, Vitamin D3 1000 I.U., Methylcobalamin 1500mcg, Vitamin K2-7 90mcg, Zinc 15mg & Magnesium 50mg **TABLETS**

- **Calcium Citrate Malate** : Required for the growth and development of bones & ensures quicker absorption.
- **Methylcobalamin** : Promotes regeneration of nerve cells and efficient conduction through nerve cells.
- **Vitamin K2-7** : Ensures healthy bones & preserves healthy arteries.
- **Vitamin D** : Maintains calcium homeostasis and Helps in the formation of the bone mass
- **Zinc and Magnesium** : Necessary for bone mineralization and bone matrix formation.

Calcium Deficiency | Osteoporosis | Pregnancy & Lactation

For Fractures | Menopausal Disorders | Hypocalcaemia

Healthy bones in **Stronger** form

Complete Calcium for better care

Surrender Bacteria with
Power of Efficacy and Stability

CFU

CEFUDAY

Cefuroxime Axetil 500 mg **TABLETS**

In:

Gonorrhoea | ENT Infection | Respiratory Infection
Urinary Tract Infection | Skin & Soft Tissue Infection

CEFUDAY

For Faster & Sure Relief....

- » A second-generation cephalosporin with enhanced beta-lactamase stability.
- » Specifically active against Beta-lactamase producing Strains of H. Influenza and N. Gonorrhoea.
- » 90% success in prophylaxis of Post-surgical infections.
- » Spectrum of pathogens unchanged over the last 10 years.
- » Attains higher CSF concentration-ideal in meningitis.

In

Heart burn, Hyperacidity, Flatulence & other Acid related symptoms

R_x

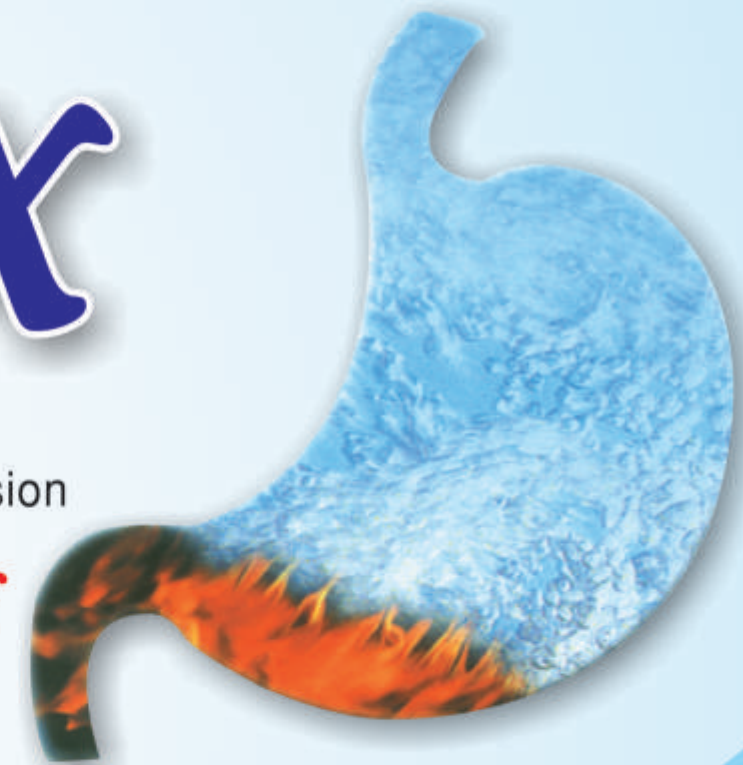

Day Flux

Magaldrate 540 mg + Simethicone 50 mg + Alginic acid 50 mg / 5 ml Suspension

Fastest relief.... Long Lasting Relief

In 10 Seconds

for 165 minutes

DFL

The Magaldrate Advantage

Superior acid neutralising capacity, Buffer Gastric pH consistently

Fastest relief in 10 seconds

Because of Quick release of Magnesium hydroxide from Magaldrate

Long Lasting relief for 165 minutes

Due to sustained release of Aluminium hydroxide from the Magaldrate complex

Ensures Cytoprotection

Stimulates PGE2

Simethicone

Anti-flatulent Advantage

Alginic Acid

Better absorption

Unique Orange Flavour

- ◆ Heart Burn
- ◆ Dyspepsia
- ◆ Hyperacidity
- ◆ Peptic Ulcer
(along with Anti-peptic ulcers)
- ◆ Reflux Oesophagitis
(during Pregnancy)

Day Flux **THE FRESH ANTACID**

The wer Key.... in Diabetic Control

Day Formin-^{G1}_{G2}

Glimepiride 1 mg / 2 mg + Metformin 500 mg TABLETS

*Combined Regimen to Control & Conquer
Non-insulin Dependent Diabetes*

GLIMEPIRIDE stimulates insulin secretion & reduces insulin resistance.

- Sulphonylureas used alone induce severe hypoglycaemia, hyperinsulinaemia and weight gain.*

*Dr. Fronzo, Diabetes care, Aug. 1999

METFORMIN enhances utilization of glucose through peripheral effect

Beneficial in:

- Less weight gain
- Less hypoglycaemic Episodes
- Synergy of action
- Postponement of insulin therapy
- Better glycaemic control

Also Available

Day Formin

Metformin HCl 500 mg/1000 mg SR Tablets

Day Formin-^{PG1}_{PG2}

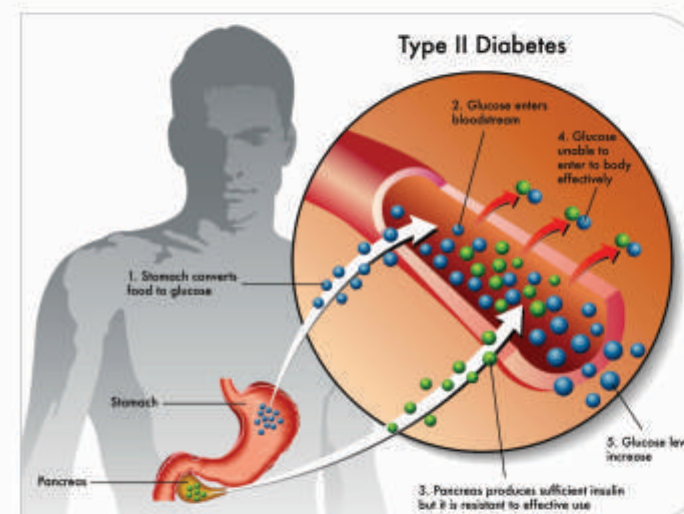

Glimepiride 1 mg / 2 mg + Metformin 500 mg + Pioglitazone 15 mg Tablets

Glimepiride - 3rd generation sulphonyl urea

Metformin - First-line anti-hyperglycemic agent

Pioglitazone

- Reduce the risk of conversion from prediabetes to diabetes mellitus type 2 by 72%.
- Increasing the body's sensitivity to insulin, a natural substance that helps control blood sugar levels.

In : Type II Diabetic

The Effective & Safe Anti-diabetic That
May Obviate Need of Insulin Treatment

In the management of Nausea & Vomiting

Day Peron

Domperidone 10 mg DT TABLETS

Ensures effective relief in :

- ★ Post Operative Nausea & Vomiting
- ★ Nausea & Vomiting Associated With Chemotherapy
- ★ Belching

Day Peron

**Selective, Speedy & Safe Control
of Nausea & Vomiting**

Domperidone

- ★ Effective control of nausea & vomiting of diverse etiology
- ★ Definite efficacy in chronic dyspepsia
- ★ No sedation or extra pyramidal symptoms for wider patient acceptance

* Drugs I.N., pg. 246, Vol. II, 2005.

DPR

In the Management of :

Sugar
Free

DAY TUSS DX

Dextromethorphen HBr 10 mg + CPM 2mg Syrup
+ Phenylephrine HCl-5mg / 5 ml

Relieves Congestion...Without Sedation

Nasal Congestion

Sneezing

Cough

DTS

A Universally Accepted Formula For Relief

— **Dextromethorphen**

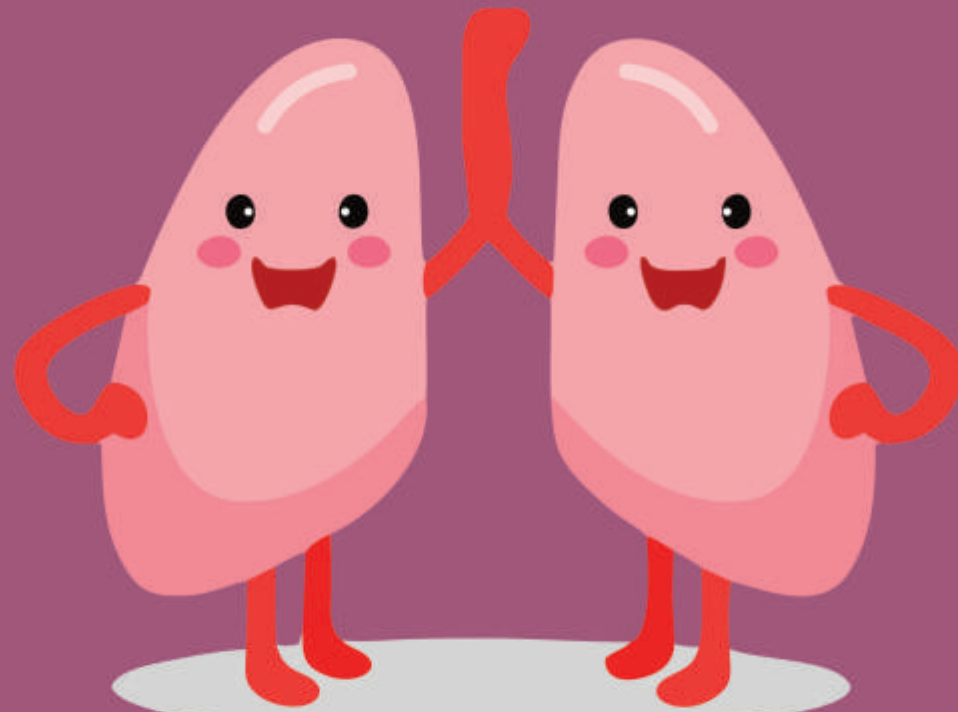

A powerful cough suppressant

— **Phenylephrine**

Ideal nasal, sinus & bronchial decongestant

— **CPM**

Control allergic manifestations

**An airway mucoregulator and
anti-inflammatory agent**

Therapeutically effective in patients with

- Acute or chronic bronchitis,
- Chronic obstructive or asthma-like bronchitis
- Recurrence of chronic bronchitis

DAYBPHYLLIN

Freedom

from obstructive airway diseases

DAYBPHYLLIN

Acebrophylline 100 mg Capsules

- Facilitates the biosynthesis of pulmonary surfactant,
- Rapidly and intensely stimulates surfactant action.
- Results in reduction in viscosity and adhesivity of mucus
- Greatly improves ciliary clearance.
- Exerts inflammatory effect by suppressing synthesis of inflammatory mediators (leukotrienes)

DBP

**Reduces aspecific bronchial hyper-responsiveness in
patients with stable bronchial asthma.**

* Monaldi Arch Chest Dis. 2007 Jun;67(2):106-15.

An Agent for airy...airways

KING in Iron Supplementation

in Iron Deficiency Anaemia

R_x

Dayfa-XT

Ferrous Ascorbate

(Elemental Iron) 100 mg + Folic Acid 1.5 mg

Tab./ Syp.

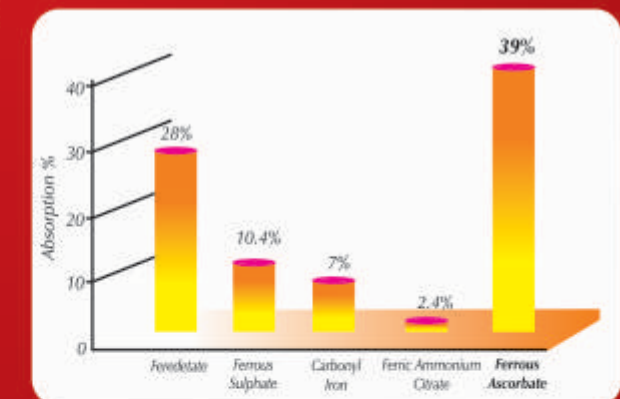

Ferrous Ascorbate

- Offers excellent absorption because of associated ascorbate molecule
 - * Inhibits oxidation of ferrous iron
 - * Forms soluble complex even in the alkaline pH of the small intestine
 - * Ensures unaffected absorption even in presence of calcium, phytates & food

Folic Acid

- Protects against NTD & congenital abnormalities in pregnancy & supports new growth

DXT

In:

- Iron Deficiency Anaemia
- Pregnancy & Lactation
- Post-operative Care
- Debility & Convalescence

Dayfa-XT

Express Iron for Express Recovery

The Balanced Quinolone with Power of Supreme Efficacy

Ensures high efficacy rates in treatment of:

- URTI (91.4%)
- Community acquired pneumonia (88.3%)
 - Chronic bronchitis (83.9%)
 - Acute sinusitis (82.9%)
- Bacterial or mycoplasma pneumonia (87.1%)
[where as available fluoroquinolones
do not have established recommendations]

DAY *Levo*

Levofloxacin 500 mg **Tablets**

The Powerful Quinolone with Superior Efficacy

- Rapidly absorbed & ensures large volume of distribution
- Penetrates deep into body tissues & fluids
- Longer elimination half-life ensures convenient once to twice daily dosing
- No dosage adjustment necessary in liver dysfunction
- Ensures good G.I. tolerability

**ANTI-BACTERIAL WITH
AN EDGE OVER QUINOLONES**

Provide effective blood glucose control
in uncontrolled **type II Diabetes**

*Win the war
against Diabetes*

Introducing

Daygliptin-M

Teneligliptin 20mg & Metformin 500/ 1000mg **TABLETS**

Daygliptin

Teneligliptin 20mg **TABLETS**

- ➔ A Novel Dipeptidyl Peptidase IV inhibitors for the treatment of type 2 diabetes
- ➔ Significantly reduced the 24hrs mean sensor glucose levels & AUC180
- ➔ Effective and consistent glycemic control with a good tolerability profile, including no severe Hypoglycemia and weight gain

Teneligliptin

- Teneligliptin is a third generation anti-diabetic drug belongs to a class of medications called dipeptidyl peptidase 4 (DPP4) inhibitors
- Teneligliptin increases the amount of insulin released by the pancreas, which in turn lowers the blood glucose levels.

Metformin

- Decrease platelet aggregation, enhances fibrinolysis
- Improves peripheral and hepatic sensitivity to insulin
- Metformin is used in the treatment of polycystic ovary syndrome (PCOS)

DLP

Type 2 Diabetes Mellitus

IN:

**Type 2 Diabetes Mellitus | Maturity Onset Diabetes
Polycystic Ovary Syndrome**

A synergistic combination for superior Glycemic control

In:

- **Bronchial Asthma** ► **Allergic Rhinitis**
- **Exercise Induced Bronchoconstriction**

Freedom from Allergic Rhinitis
& Asthmatic Problems

DAYMonte-LC

Montelukast 10 mg + Levocetirizine 5 mg **TABLETS**

A new experience in allergic rhinitis

Rapid onset of action provides immediate relief from sneezing itching & rhinorrhoea

Offers relief from all the symptoms of AR including congestion and eye symptoms

Prophylaxis with combination therapy effective in controlling SAR and also delays the appearance of symptoms

Safe and well tolerated

Once daily dose improves patients compliance

»»»» **Winner** Against
Bacterial Infections

Daypod

Cefpodoxime Proxetil 200 mg DT **Tablets**

R_x

- ★ **Upper respiratory tract infections including**
 - Otitis Media, Tonsillitis, Pharyngitis
 - Acute bacterial exacerbation of chronic bronchitis
 - Acute community acquired pneumonia
 - Acute maxillary sinusitis
- ★ **Acute uncomplicated gonococcal infections**
- ★ **Acute uncomplicated anorectal infections**
- ★ **Uncomplicated urinary tract infections**
- ★ **Uncomplicated skin & skin structure infections**
- ★ **Surgical prophylaxis**

DPD

Also Available

DAYPOD

Cefpodoxime 50/ 100 mg Dry Syrup

Daypod

Wide Spectrum First Choice Antibacterial

Trusted Choice in Gastric Discomfort.....

Day Rabe-DSR

Rabeprazole 20mg+ Domperidone 30mg **SR Capsule**

Rabeprazole

- Potent PPI provides 99% inhibition of proton pump thus maximum suppression of acid release is achieved
- Provides faster onset of action in patients with heartburn

Domperidone

- Anti-emetic for the treatment of Nausea & Vomiting
- Exhibits prokinetic action in Dyspepsia

Day Rabe-LS

Rabeprazole 20mg+ Levosulpiride 75mg **SR Capsules**

Clinically Proven :

- **High efficacy & Better safety profile**

Levosulpiride - The new Prokinetic agent

- Effective and safe drug in the treatment functional dyspepsia
- It enhanced the Bowel activity thus relieves Gas & control Constipation

Better tolerability :

- **Enhances the emptying of solids from the stomach**
- **Selective Dopamine DA2 receptor antagonist**
- **Relieves upper gastrointestinal symptoms**

In:

- > GERD
- > Hyper Acidity
- > Functional Dyspepsia
- > Gastroparesis
- > IBS with constipation

Also Available

Day Rabe-20

Rabeprazole 20mg **Tablets**

Controls Acidity & Gastric Motility

DRB

When quick healing is the need of the Hour...

Pain & fever due to URTI

Spondylitis

Back pain

Joint pain

Headache

Day Sip

Serratiopeptidase 15 mg+ Diclofenac Potassium 50 mg+ Paracetamol 325 mg
Tablets

Combination is an effective analgesic, anti-inflammatory drug that has a valuable therapeutic option for controlling pain and inflammation after surgical procedures.

J Indian Med Assoc. 2008 Jun;106(6):409-11.

~ SERRATIOPEPTIDASE-

"Cleans cell debris.

"Reduces odema & swelling.

"Increases concentration of antibiotics & NSAID's at site of inflammation.

~ DICLOFENAC POTASSIUM

"Inhibits PGE2 at the site of inflammation.

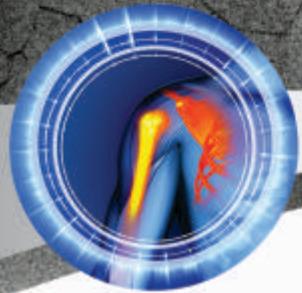

"Inhibits neutrophils & exhibits anti-inflammatory action.

"An anti-inflammatory which is safe on the GI tract.

~ PARACETAMOL-

"Provides analgesic effect with complete safety.

The **Powerful Duo** of
Anti-inflammatory,
Analgesic &
Skeletal Muscle Relaxant

ECODAY-MR

Etoricoxib 60mg+ Thiocolchicoside 4mg **Tablets**

ETORICOXIB

- 2nd generation cyclo-oxygenase (COX)-2 inhibitor with a rapid onset time and a long duration of action*
Singapore Med J 2005;46(8):397-400
- Well absorbed with high plasma concentration
- Favourable gastric safety profile

Indications:

- Musculoskeletal Disorders
- Post-operative Pain
- Tendonitis/ Bursitis
- Sprains/ Strains
- Low Back Pain
- Arthritis

THIOLCHICOSIDE

- Potent muscle relaxant with analgesic & anti-inflammatory effects
- Free of nephrotoxicity & hepato-toxicity
- Non sedative in nature unlike chlorzoxazone
- Safe and effective treatment for patients with acute low back pain accompanied by muscle spasm*

Joint Bone Spine Volume 70, Issue 5, September 2003, Pages 356-361

Also Available:

Ecoday-90/120

Etoricoxib 90/ 120mg **Tablets**

Relaxes Muscles, Ensures Top Class Relief

For targeted action...

A new choice of oral steroid

Daycort-6/30

Deflazacort 6 mg/ 30 mg **Tablets**

An Glucocorticoid used as an anti-inflammatory and immunosuppressant

Better control of Post-transplantation diabetes in renal transplant

- As effective as methylprednisolone in patients with rheumatoid arthritis¹
- More effective than prednisone in limiting relapses in steroid-dependent idiopathic Nephrotic syndrome²
- Efficacious in improving pulmonary function and producing clinical improvement in management of acute moderate asthma³

1. Drugs. 1995 Aug; 50(2):317-33 2. Pediatr Nephrol. 1997 Aug; 11(4):418-22

3. Anales de Pediatria: Publicacion Oficial de la Asociacion Espanola de Pediatric (A.E.P.) 2004, 61(3):207-12

Indication:

**Asthma I Ulcerative Colitis I Rheumatoid Arthritis
Severe Allergy or Inflammation I Inflammatory Skin Conditions
Other Steroid Responsive Conditions**

Effective & safer oral Corticosteroid

The Burning Issues...

For:

1 DUODENAL / GASTRIC ULCERS

2 GERD

3 HEART BURN

4 ESOPHAGUS

5 ZOLLINGER-ELLISON SYNDROME

Junior DAYRAB

Lansoprazole 15 / 30 mg Tablets

- Lansoprazole is an anti-ulcer drug.
- Lansoprazole belongs to a class of, **PROTON PUMP INHIBITOR** works by reducing the amount of stomach acid.
- Effectively reduces the painful symptoms caused by excessive acid.
- Highly effective against H.pylori bacteria.

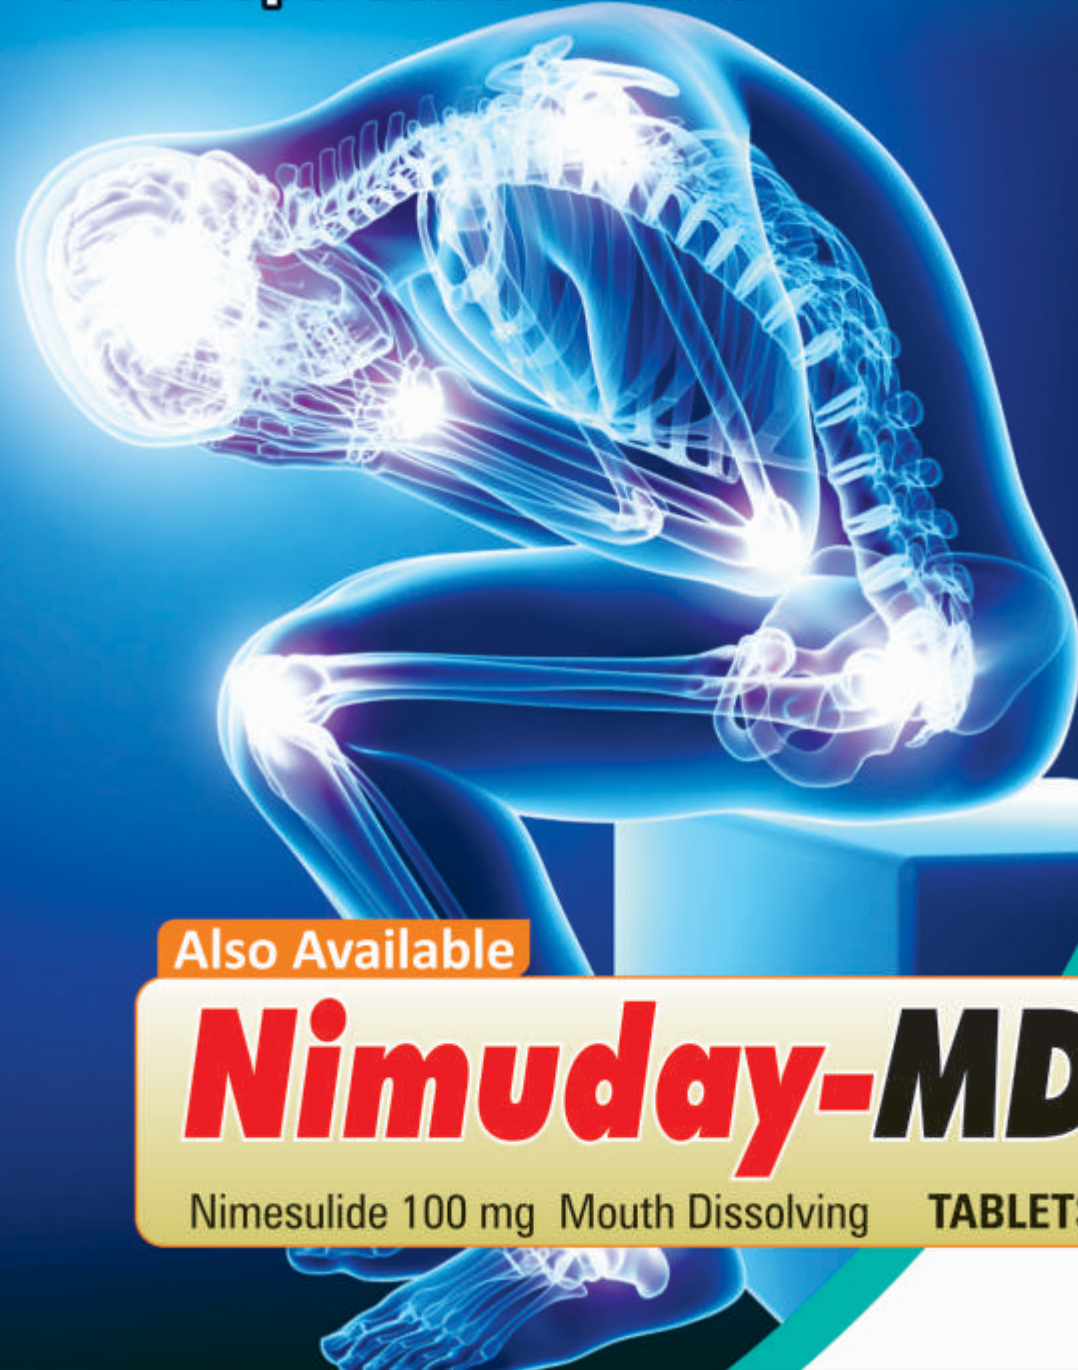

Rx

Junior DAYRAB

Instant Action for Instant Relief

Useful in :

- ENT Disorder
- Osteoarthritis
- Oncology
- Sports injuries
- Dental surgery
- Post operative trauma

Also Available

Nimuday-MD

Nimesulide 100 mg Mouth Dissolving TABLETS

In Pain, Fever & Inflammation

Tried, Tested and Trusted Combination

Nimuday-P
Tablets
Nimesulide 100 mg + Paracetamol 325 mg

Nimesulide

- ❑ Safe in asthmatics *Drug 46 Suppl, 93.
- ❑ Protects the cartilage *Drug 48(3) 431-454,1994.
- ❑ Effective & well tolerated
- ❑ Potent in treatment of osteoarthritis

*Drug Exp. Clin. Res. 1991; 17(3):197-204.

Paracetamol

- ❑ Raises pain thresholds
- ❑ Effectively relieves temperature
- ❑ Exerts analgesic & antipyretic action
- ❑ Induces minimum gastric irritation

All Right Choice In Pain, Inflammation & Fever

For Active Day...

Useful in:

- ▶ Prevents & treats deficiency diseases
- ▶ Helps to fight mental & physical stress
- ▶ Scavenges free radicals & stops production of toxic metabolites
- ▶ Supports general health conditions during convalescence
- ▶ Helps in formation of new cells & tissues
- ▶ Helps rejuvenate degenerating skin cells
- ▶ Prevents macular degeneration in eye

The Radiant Antioxidant Protection

Nutriday

Capsule /Syrup

Lycopene (10%) 5000 mcg.+ Beta Carotene (10%) 10 mg.+ Methylcobalamin 750 mcg. + Lutein (8%) 6 mg. + Vitamin C (Coated) 50 mg.+ Vitamin A Acetate 2500 I.U.+ Vitamin B1 2.5 mg + Vitamin B2 2 mg. + Vitamin B6 5 mg + Niacinamide 1.5 mg + Folic Acid 1.5 mg + Alpha-tocopherol Acetate (50%) 10 mg + Dibasic Calcium Phosphate (eq. to elemental calcium) 20 mg and elemental phosphorous 15.45 mg + Zinc Sulphate Monohydrate 27.5 mg + Sodium Selenite (Selenium) 70 mcg + Chromium Picolinate 65 mcg + Biotin 150 mcg + Astraxanthine 1 mg

Lycopene

◆ Plays a major role in management of ...

◆ Pregnancy ◆ IUGR ◆ Infertility

Lycopene therapy showed increased sperm activity in males. In females it helps in maintaining pregnancy & prevents IUGR

*Presentation to Ind. assc. Ur., Jan. 2001.

Methylcobalamin

- ◆ Promotes myelin sheath formation to protect nerve cell
- ◆ Improves transmission & conduction of neurons
- ◆ Enhances brain & memory functions

Betacarotene

- ◆ Protects body from free radicals, helps boost immune system
- ◆ Results in the reversal of the diabetes-induced increase in hepatic & cardiac catalase activity

Lutein

- ◆ Helps in the improvement of Cardiovascular health

Astraxanthine : The King of Antioxidant

- ◆ Offers Cardiovascular safety, brain health & powerful anti-inflammatory benefits

Improve LUTS & rectify the Flow with...

TAMDAY

Tamsulosin HCl 0.4 mg **TABLETS**

- **Tamsulosin hydrochloride** is an alpha1- adrenoceptor blocking agent
- Used to improve urination in men with benign prostatic hyperplasia (enlarged prostate)
- Works by relaxing the muscles around the bladder and prostate

IN:

LUTS (Lower Urinary Tract Symptoms) associated with BPH (Benign Prostatic Hyperplasia)

TAMDAY-D

Tamsulosin HCl 0.4 mg+ Dutasteride 0.5 mg **TABLETS**

Dutasteride - 5 alpha-reductase inhibitor

- It works by lowering levels of a hormone called dihydrotestosterone (DHT), which is a major cause of prostate growth.

Tamsulosin - alpha-blocker

- It works by relaxing muscles in the prostate and bladder

Dutasteride & Tamsulosin helps to decrease the size of the prostate and reduce symptoms of BPH.

In:

Treatment of symptomatic BPH in men with enlarged prostate.

Generally well Tolerated

***When Pain is accompanied
with Edema & Inflammation***

TBRUDAYTM

Trypsin 48mg, Bromelain 90mg & Rutoside Trihydrate 100mg **TABLETS**

Trypsin

- ▣ A proteolytic enzyme, provides smooth digestion and also reduces inflammation & fighting infections
- ▣ Enhances the removal of blood clots, restores circulation and helps in wound healing

Bromelain

- ▣ Reduces the Swelling, Inflammation and redness
- ▣ Lowers bradykinin & prostaglandins, reduces pain

Rutoside

- ▣ Powerful Anti-oxidants that combats harmful free radicals released during inflammation and Anti Oedematous activity

INDICATIONS :

Treat edema and inflammation in contusions, lacerations, cuts, sinusitis, otitis, externa, PID (Pelvic inflammatory disease), tooth extraction, cellulitis, abscess, sport injuries, sprains and surgery.

Treat painful osteoarthritis, rheumatoid arthritis, spondylopathies and tendonitis.

Relief from aches, pains and muscle soreness due to everyday activity.

TBRUDAYTM

Triple Action for unmatched Power
